PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** and Software Engineer with a B.Sc. in Computer Science background, specialized in front end website architecture and back end website applications. Proficient in JavaScript, HTML, CSS, Angular, React, Node.js, Express.js, C#, .NET, Python, and PHP. Skilled in designing RESTful APIs, managing SQL (MySQL, Oracle DB) and MongoDB databases, and cross-platform optimization for mobile and web. Demonstrates strong **project management skills**, **attention to detail**, **verbal communication skills**, and **problem solving skills** to see projects through from conception to finished product.

SKILLS

Front End Development: JavaScript (ES6+), HTML, CSS, TypeScript, Angular, AngularJS, React , Responsive Design, User Interactions.

Back End Development: Node.js, Express.js, C#, .NET Core, Python, PHP, RESTful APIs Architecture, JWT Authentication , Middleware.

Databases & Storage: MongoDB Atlas, MySQL, Oracle DB concepts, SQL Server, MariaDB, Mongoose Schema s, Relational DB Design.

Tools & Engineering: Git, GitHub, VS Code, Postman, Figma, Cisco Packet Tracer, Compiler Design (LALR), OOP.

Languages: Arabic (Native), English (Upper-Intermediate - B2)

PROJECTS & PORTFOLIO

Inventa Inventory Management System – Freelance

- Engineered a full-stack web application for real-time stock tracking, product CRUD operations, category, and supplier management.
- Implemented secure RESTful API backend endpoints and JWT authentication with interactive Angular.
- Tools: Angular, Node.js, Express.js, MongoDB, HTML/CSS

Laptop E-Commerce Website – Freelance

- A dynamic e-commerce web platform specialized in laptops, featuring interactive product pages and customized listings.
- Designed a structured relational database backend to handle inventory data efficiently and ensure a seamless shopping experience.
- Tools Used: .NET, C#, MySQL, JavaScript, TypeScript, HTML5, CSS3.

News Web Platform – Freelance

- Constructed a full-stack news web platform designed for organizing, publishing, and displaying dynamic articles through a structured database.
- Developed intuitive web interfaces and backend query handling to ensure efficient content.
- Tools: Full Stack Web Technologies, Database Management COURSES & ADDITIONAL TRAINING

EDUCATION & CERTIFICATIONS

B.Sc. in Computer Science – Mansoura University	2023 -2027
Overall Grade: Very Good Relevant Coursework: Operating Systems, Computer Architecture, AI Search Algorithms	

COURSES & ADDITIONAL TRAINING

MEAN Stack Web Development Certification – National Telecommunication Institute (NTI)	Jul 2026 – Aug 2026
Professional training covering MongoDB, Express.js, Angular, Node.js, and Full Stack REST API deployment.	
PHP Full Stack Web Development Certification – National Telecommunication Institute (NTI)	Jul 2025 – Aug 2025
Professional training covering MongoDB, Express.js, Angular, Node.js, and Full Stack REST API deployment.	
Digital Egypt Pioneers Initiative (DEPI) Training – MCIT	Aug 2026 – Jan 2027
Intensive full stack training tracks in .NET Web Development, Mobile App Development, and Agile project management.
